European Vocational Skills Week is an annual event where local, regional or national organisations showcase the very best of vocational education and training (VET). VET is a path to a more fulfilling personal and professional life. European Vocational Skills Week is a platform to make VET's potential more widely known, and an opportunity to exchange information and good practices across Europe and beyond.

The European Vocational Skills Week will be held 16-20 May 2022. The specific theme is **VET and the Green Transition** - in line with the EU's vision of becoming climate neutral by 2050, as outlined in the **European Green Deal**.
