A Learner-centred approach for (E-)Learning in TVET

The Webinar "A Learner-centred approach for (E-)Learning in TVET" was organised as part of the ILO project "Training continuity and modernization in Ukraine during COVID-19 and beyond".

Topics covered during the Webinar:

- What is a learner-centred approach in the context of TVET and E-learning?

- Human-centred design: concept, benefits and examples of application.

- To what extent do you use a learner-centred approach human-centred design in your work?

- Applying a leaner-based, human centred approach in E-Learning.
