Tahat? will provide free online information, tools and guidance to build New Zealanders' confidence and skills for making career decisions. It will not be limited to a specific learning pathway, industry or sector and will be culturally affirming and data driven. New Zealanders of all ages will have access to information on education, training and career planning throughout their life, whenever they may need it.

This event will discuss the development of a culturally affirming brand with layers of rich story-telling and how it is being applied to a framework for career development.

We will also share the development of an indigenous database of jobs, called Kaupapa Māori occupations. Information on and registration for event can be found on CDANZ website: <https://cdanz.org.nz/>
