The webinar will present progress relating to competencies, qualifications, and designations of Career Development Practitioners. It will also look at the functions of professional bodies for Career Development Practitioners in SADC countries. Themes to be discussed:

- Competencies, qualifications, and designations of Career Development Practitioners
- The functions of a professional body for Career Development Practitioners in SADC countries
- Considering the benefits and challenges of a centralised professional body for the SADC region

**Time: 10.00 - 11.45**
