[New qualifications and competencies for future-oriented TVET, Volumes 1, 2 and 3](#)

The three volumes of \"New qualifications and competencies for future-oriented TVET\" cater to the diverse needs of TVET-related institutions. From their unique perspectives, the publication explores and examines the three I's process: the timely and accurate identification of NQCs, their integration into appealing and flexible curricula, and their effective implementation through new teaching and learning methods as well as relevant teacher and trainer training.
