Open	Study on gender
ILO_Gender and skills in Central Amercia_Success stories_EN.pdf	in vocational
	training Central
	America and the
	Dominican
	Republic
	As part of the
	Study on
	Gender Equality
	in Vocational
	Training in
	Central America
	and the
	Dominican
	Republic,
	undertaken
	between June

and November 2020, vocational training institutes were asked to identify and describe good practices in ensuring women's equality in accessing, remaining in and completing the different education and training courses on offer.
